R27810

R27812

Features

- Lounge seating system that is easily reconfigured into many arrangements using integrated ganging clamps
- Front face under seat is angled inward to allow wider range of leg positions and reduce wear from footwear rubbing on front of seat
- Coordinates with other chairs, benches, ottomans, and tables in the same product line
- 6.5 in (165 mm) high metal legs allow easier cleaning under furniture
- Adjustable leveling glides
- Ganging clamps can swivel out of view when not in use
- Clean out gap between seat and back, 0.625 in (16 mm) wide

MODELS: R27810B, R27811B, R27812B

- Upholstered arms on both ends of seating

MODELS: R27810L, R27811L, R27812L

- Upholstered arm on left end (viewed from sitting position)

MODELS: R27810R, R27811R, R27812R

- Upholstered arm on right end (viewed from sitting position)

Options

- Floor mounting legs are available (fastening hardware not included)
- Models are available with laminate back shelf ("S" models)
 - Back shelf is not available for single seat or bariatric lounge chairs
 - Shelf is available in several laminate finishes.
 - Shelf mounting brackets includes accessory hook
 - Accessory hooks are available in Black, Fog or Latte finish
 - Extended legs are standard on back shelf models, maintaining standard leg height. If regular vertical legs are required, floor mounting legs or models with added weight are available
- Legs are standard in Chrome finish. Also available in 13 painted finishes
- Taller, 8 in (203 mm) high legs are available on models without back shelf
- Power/USB modules can be installed in sides or fronts of seating units, in specified locations. On units with back shelf, a power/USB module can also be installed in center back, below the shelf
