Arrangement method and notes on layout

■ Frame Unit

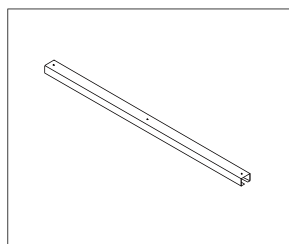

■ : Single unit
■ : Add-on unit

Can be expanded only
in one direction

■ Stopper in rail BWS0WA-T03

When installing a movable panel on a 3-sided movable panel running rail, make arrangements to prevent the panel itself from colliding with the posts.

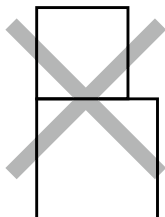

■ Attachment for fixed panel (C-shaped) BWS5AE-Z25

When installing a fixed panel on a type without running rail, please arrange the attachment for fixed panel.
(Arrange one attachment per fixed panel)

Non-connectable pattern

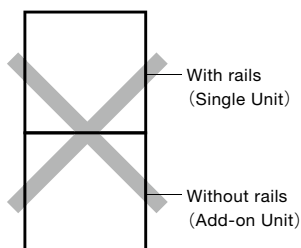

- Different size

Example 1) 126"x126"+106 1/4"x106 1/4"

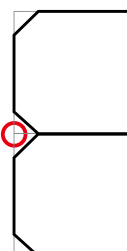

- With and without rails

Example 2) Connection of the unit with rails and the unit without rails

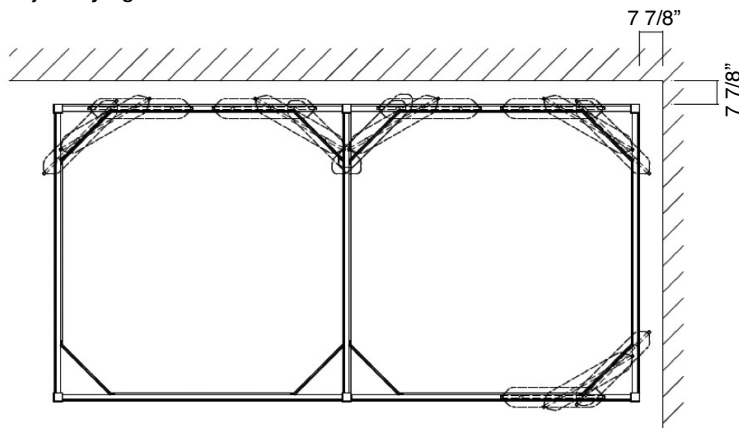

- 3-sided movable panel running rail

When moving the movable panel between units, be sure to connect the angled rails as shown on the left.

■ When installing the post beam (with running rail) close to the wall, the trajectory of the panel will touch the wall, so please keep 7 7/8" inch away from the wall to the outside surface of the post.

Panel trajectory figure

■ If the flooring material is wood, please avoid installing Movable Panel as it may scratch the floor.

■ Lives Post & Beam max. loading mass

The maximum loading mass is as shown in the table.
Do not exceed the values listed in the table.

Loading part	Maximum loading capacity
Movable panel unit	10kg
Board Hook (two pieces)	10kg
Wire basket	1kg (Uniformly distributed weight)

*What is "Uniformly distributed weight" . . . It means to load on a work surface, etc. evenly. Uneven loading on the product may cause balance and thus drop or fall.

■ Precautions for procuring the monitor unit

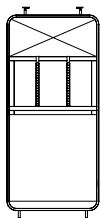

Please procure the monitor and its mounting screws by yourself.
Please check the instruction manual of the monitor in advance for the possibility of mounting and the necessary screws.

Compatible monitor

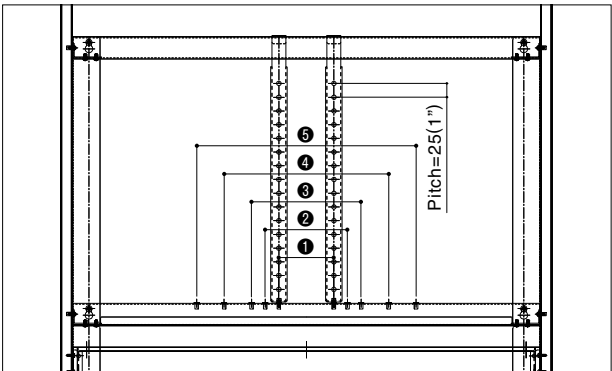

- The mounting pitch should be correct (see the figure on the right).
- The back of the monitor should be flat without any protrusions.

Compatible size

- 50-inch, 30kg or less

Fixed Panel (Monitor+Open)

[Mounting pitch]

Horizontal : ① 3 15/16" ② 5 15/16" ③ 7 7/8" ④ 11 13/16" ⑤ 15 3/4"
Vertical : 14 3/4" (P=1"x7/16")

A modern interior space with a wooden ceiling, large windows, and a lounge area with a sofa and armchairs. The space is divided into different functional areas by a combination of solid walls, glass partitions, and movable orange curtains. On the left, there is a white kitchenette with a bar counter and stools. In the center, a light-colored sofa and two orange armchairs are arranged around a low wooden coffee table on a dark rug. Large windows on the right side offer a view of a city skyline. The overall design is clean, minimalist, and emphasizes natural materials and flexible spatial organization.

* Pendant lights, cafe cabinets, counters, stools, tables, sofas, and chairs must be arranged separately.

Technical drawing of a rectangular structure, likely a window or door frame, showing dimensions and annotations.

Overall Dimensions:

- Overall Width: 292 5/16"
- Overall Height: 140 9/16"

Internal Dimensions and Spacing:

- Top Horizontal Spacing: 141 3/4" (left), 3" (center), 141 3/4" (right), 9" (far right).
- Bottom Horizontal Spacing: 141 3/4" (left), 3" (center), 141 3/4" (right), 9" (far right).
- Left Vertical Spacing: 3" (top), 141 3/4" (middle), 47" (bottom).
- Right Vertical Spacing: 3" (top), 141 3/4" (middle), 47" (bottom).

Internal Sub-Dimensions (Top):

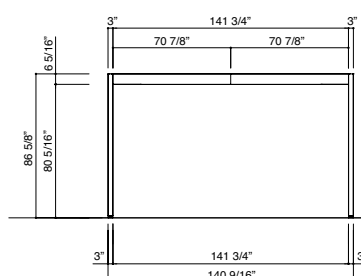

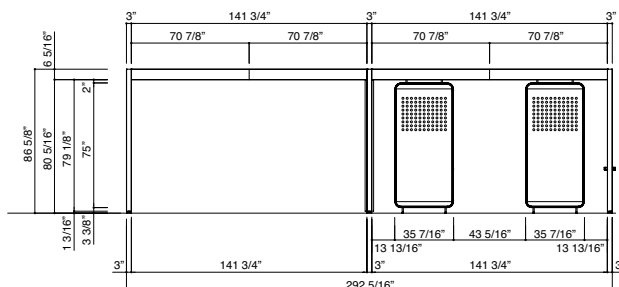

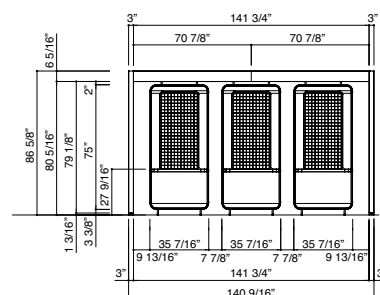

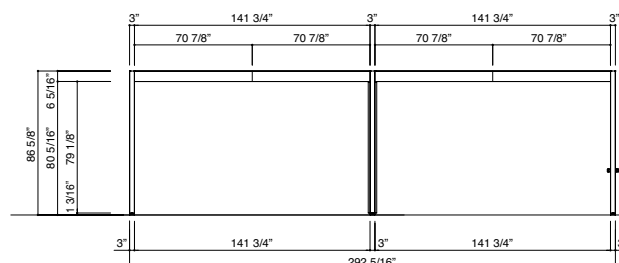

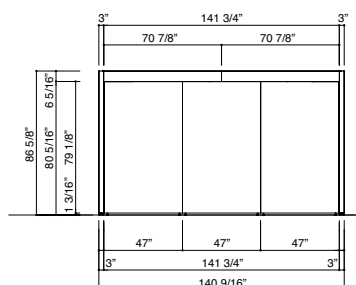

- 13 13/16"
- 35 7/16"
- 43 5/16"
- 35 7/16"
- 13 13/16"

Internal Sub-Dimensions (Right):

- 35 7/16"
- 35 7/16"
- 7 7/8"
- 9 13/16"

Annotations:

- 440 OPER. (440 OPERATIONS)
