Features

- Control levers allow a user to flip the table top to or from storage position from either end of the table
- Steel die-cast, Y-shaped legs allow tables in storage position to nest in-line, saving space
- Each nested table only adds 6.5 in (165 mm) to depth of nested tables
- Hidden bumpers protect tables while nested
- Casters are adjustable for leveling. Two casters lock to keep table stationary

Options

- Optional articulating modesty panel folds out of the way when table is moved into stored position
- Modesty panel has integrated trough for wire management
- Table top available in over twenty laminate finishes
- High pressure laminate finishes are available
- Power blocks are ordered separately. Each power block has a duplex power receptacle and two data jacks
- Grommets or cut outs for power modules available in three standard locations on 24 in (610 mm) deep tops only
- Ganging connectors with thumbscrews are available for easily connecting tables using pre-drilled metal inserts

On Site Repair and Replacement

Table top, legs and modesty panel are replaceable on-site

IT####RX (w/modesty panel)

IT2472RX

2gether tables | product specification

Construction (Tables and Legs)

- 1 in (25 mm) thick thermally fused laminate tops
- 0.08 in (2 mm) thick matching PVC edge
- Threaded steel inserts ensure metal-to-metal connections with all components
- Die cast steel legs
- Legs are electrostatically painted in Champagne color
- Built-in steel support channel for added structural support

Construction (Modesty Panel)

MODELS: IT##MP

- Painted steel modesty panel
- Hinged mechanism rotates modesty panel whenever table top is flipped
- Gap between table top and modesty panel minimizes pinch points when flipping table top

Warranty

Lifetime warranty on all components.
