

LEX

H A L C O N

LEX

Beautiful solutions for private, open and collaborative space. LEX is lean lines and refined minimalism. With a variety of sophisticated components, inherent flexibility, and limitless scalability, LEX is a seamless experience for the unified office. LEX is more.

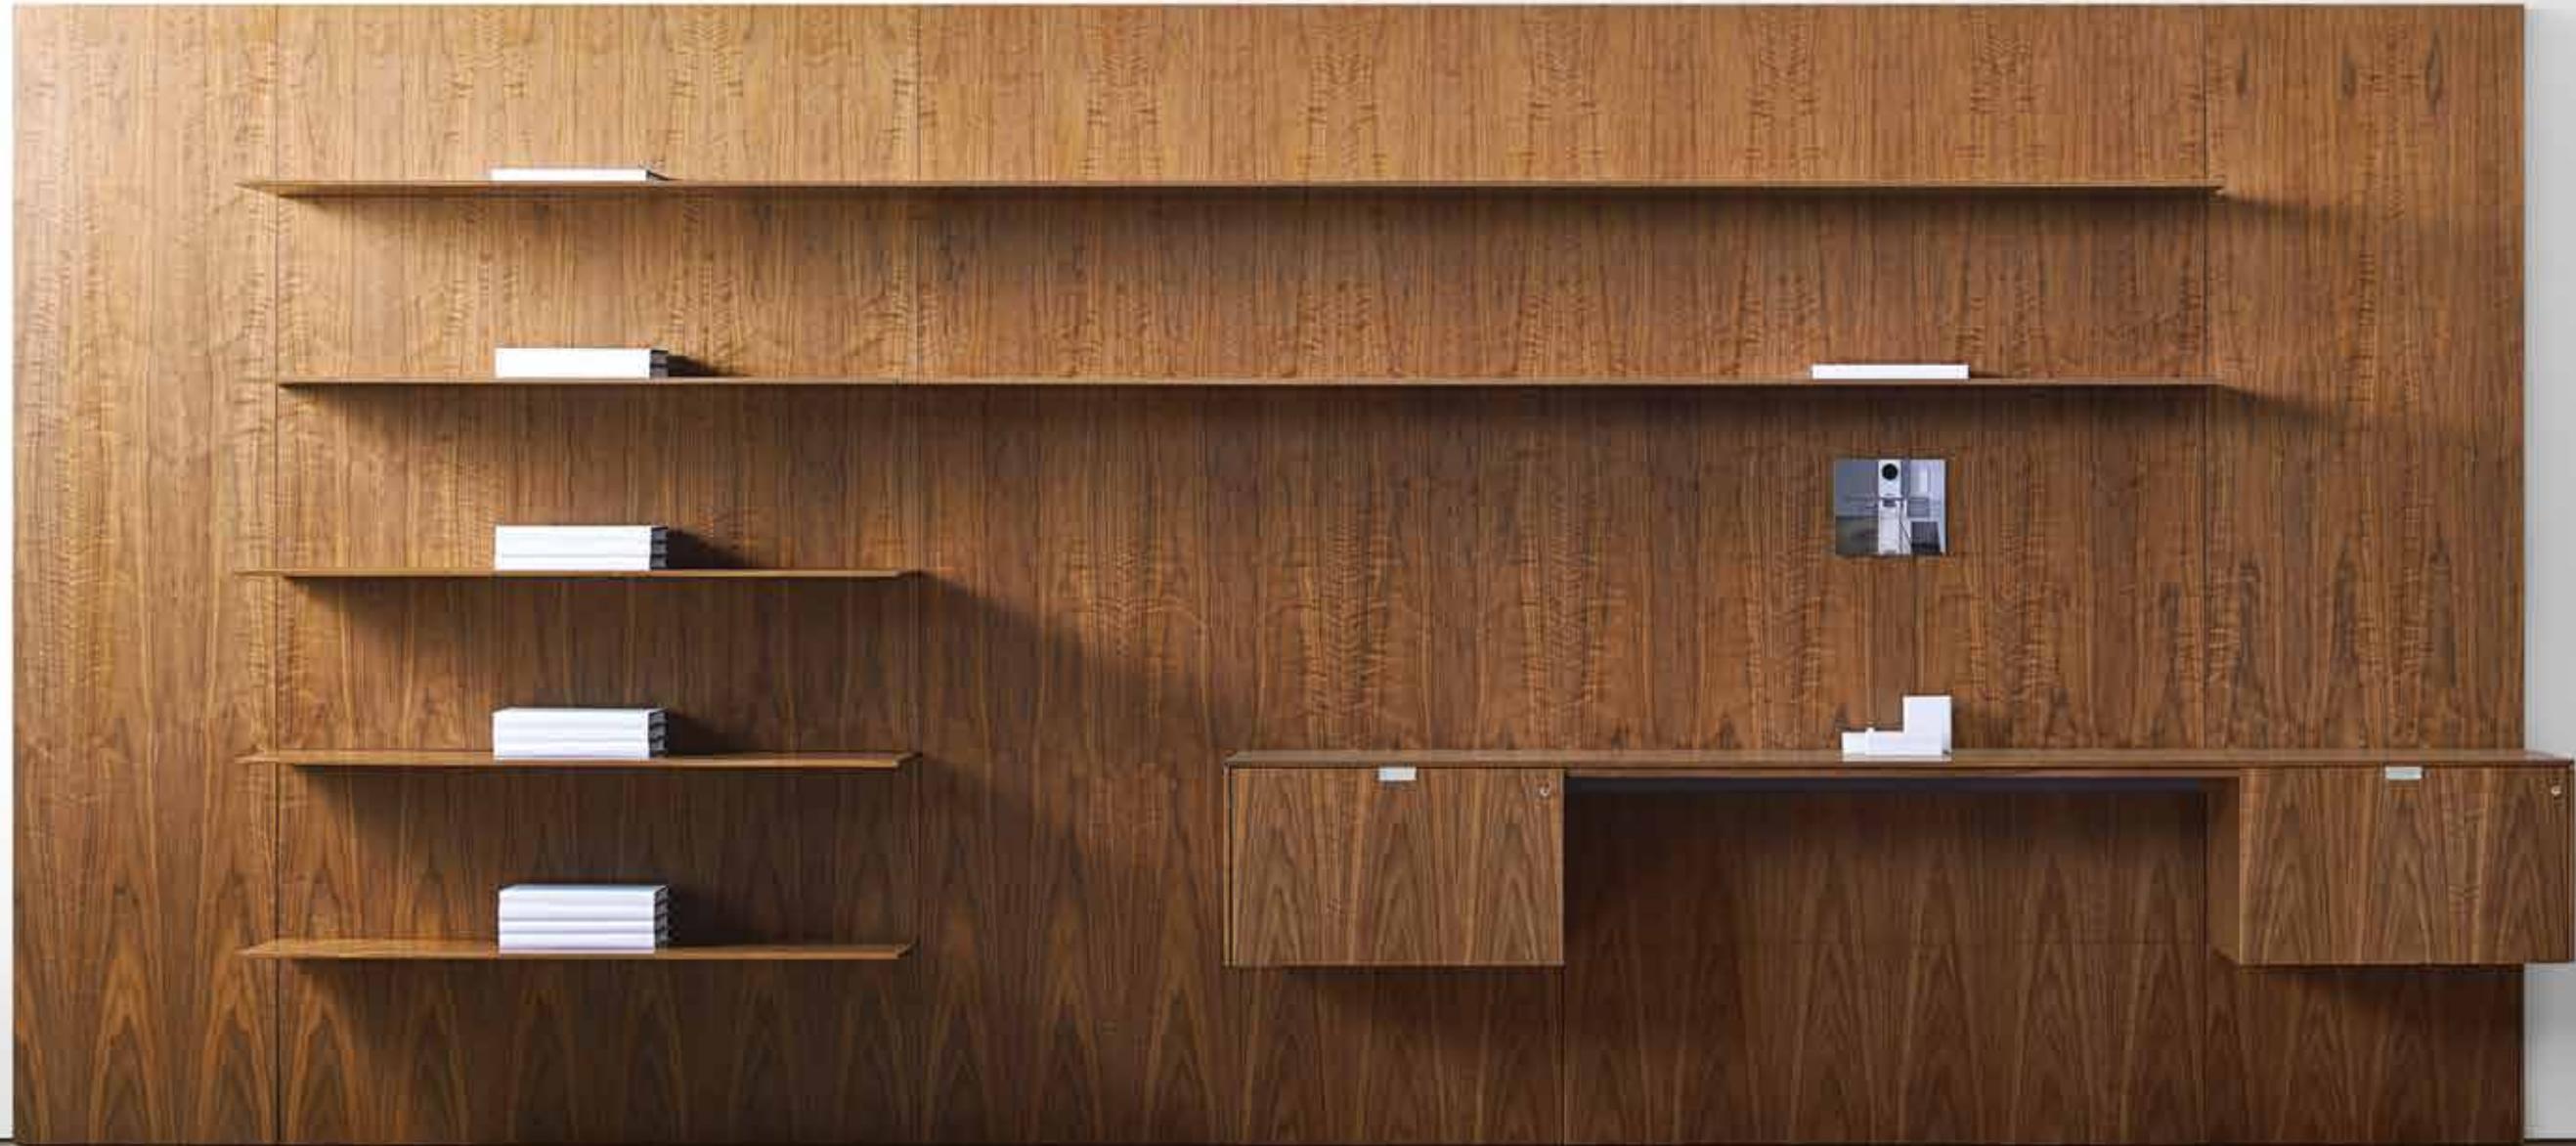

LEX offers light-scale modern design with innovative materials.

04

3/8" thick expressed surfaces result in a beautifully proportioned, minimal aesthetic with timeless appeal.

Patented thin wood shelves and elevated storage are amazingly robust and light in scale.

Patent No. US9955787B2

Find uncompromising beauty and sophistication with our adjustable-height desking.

08

Desking and casework is available in any size and configuration to precisely meet your work and storage needs.

Modern adjustable-height desks feature cantilevered surfaces in a full range of sizes and finishes.

Extend beautiful LEX solutions into any open office environment.

A patented thin shelving system supports heavy-loads and perfectly complements LEX conference tables.

Patent No. US9955787B2
